BETTER CROPS WI

The Pocket Boo

TABLE OF CONTENTS—

JANUARY 1938

Hunch Hunters	*Jeff McDermid*	3
Raising Pure-bred Seed for the South	*A. B. Bryan*	7
Commercial Fertilizers in Grape Growing	*F. E. Gladwin*	12
Peanuts Win Their Sit-down Strike	*P. H. DeHart*	15
Ben Barber Shaves Cow Costs	*E. R. McIntyre*	19
Fertilizer Placement Influences Profit	*Lewis P. Watson*	21

FEBRUARY 1938

Is Individualism Out?	*Jeff McDermid*	3
Rapid Chemical Tests Show Soil Needs	*S. F. Thornton*	6
Rotations and Fertilizers for Bright Tobacco	*C. B. Williams*	9
Green Pastures	*E. W. Sheets*	11
Fertilizer Developments in Mississippi	*E. B. Ferris*	14
Using Soil Tests to Get the Picture	*T. H. Blow*	16
J. W. Haddon Grows Popcorn for Profit	*F. J. Hurst*	19
What's Wrong With Your Alfalfa Crop?	*Ralph W. Donaldson*	20

MARCH 1938

On Being Domestic	*Jeff McDermid*	3
When, How, and Why Fertilize Your Lawn	*Howard B. Sprague*	6
Out of the Wealth of Our Soils	*C. J. Chapman*	9
Safeguard Fertility of Your Orchard Soils	*F. W. HofMann*	12
Soil Tests Improve Canning Crops	*W. T. Ewen*	17
A Primer Explaining Cotton Disease Control	*V. H. Young*	18
Corn Can Be Grown on "Frenchy" Soil	*J. T. Hall*	20
Truck Crop Farming in Mississippi	*F. J. Hurst*	21
Theory and Practice in the Use of Fertilizers		34
"We Are Growing Into, Not Outgrowing, Age of Wood"		35

APRIL 1938

Vernal Visions	*Jeff McDermid*	3
Profitable Cows Need Productive Pasture	*Delmar S. Fink*	6
Mississippi Soil Types and Their Preferences	*Stanton W. Davis*	10
Corn on Alkali Soils Responds to Potash	*B. M. Kilpatrick*	13
New Approaches to Potash Fertilization	*J. B. Hester*	17
Mr. Pender Specializes in Asparagus	*John Miley*	20

MAY 1938

Too Goofy to Grumble!	*Jeff McDermid*	3
A Balanced Fertilizer for Bright Tobacco	*E. M. Matthews*	6
Advantages of Living on Your Own Farm	*E. B. Ferris*	10
Tomatoes and Cucumbers Reveal Diet Needs	*I. C. Hoffman*	13
Our Responsibility with Manure	*Ford S. Prince*	17
Uncle Henry McDaniel Beats Tomato Record		19
Red Raspberries Need Complete Fertilizers	*W. J. Strong*	20

JUNE 1938

Landsc(r)aping	*Jeff McDermid*	3
Can Sea Island Cotton Return to Georgia?	*E. C. Westbrook*	6
Potash Is Needed in Southern Illinois	*Fred J. Blackburn*	9
A Dean Retires	*H. M. Dail*	12

WTH PLANT FOOD

of Agriculture

January 1938 to December 1938

Orchards Differ in Fertilizer Needs ... *F. N. Faban* 15
It Takes Knowledge to Live with Soil ... *E. B. Swingle* 18
Were the Professors Wrong? ... *F. H. Jeter* 20
Plenty of Citrus Fruits Assured for a Few Years ... 34
Southern Vegetable Crops ... 35

AUGUST-SEPTEMBER 1938

Which, and if so, Why? ... *Jeff McDermid* 3
Permanent Clovers for Permanent Pastures ... *A. R. Midgley* 6
How I Control Black-spot ... *Charles Mallerin* 10
Cooked Potatoes Blacken Because ... *A. W. Hantke* 12
Keep Bees for Fruit and Honey ... *A. B. Bryan* 15
Collecting the Price ... *C. B. Sherman* 17
DIXIE—Land of Cotton and Forests ... *Lyle Brown* 18
Strike a Balance of Soil Fertility ... *R. E. Stephenson* 20
Quality Potatoes from Muck Soils ... *N. Kent Ellis* 21
Both City and Farm Folk Study Soil Conservation ... 35

OCTOBER 1938

Present for Roll Call ... *Jeff McDermid* 3
Potash Saves Alfalfa, Clover, and Soybeans ... *A. W. Blair & A. L. Prince* 6
Balanced Fertilizers Make Fine Oranges ... *M. E. McCollam* 9
Soil and Fertilizer Needs of Apple Orchards ... *M. A. Blake & O. W. Davidson* 10
Bur Clover Is Good for Soils and Pasture ... *E. B. Ferris* 14
That's What They Call 'Em ... *B. Worrell* 17
Boron Deficiency Becomes a Problem in Michigan ... *R. L. Cook* 18
Sullivan Farmers Test Their Soils ... *H. N. Wells* 22
Soils and Soil Management ... 36

NOVEMBER 1938

Farm Samaritans ... *Jeff McDermid* 3
Earn Soil Payments with Winter Legumes ... *B. E. Grant* 6
Selling Forage as Steaks and Chops ... *E. W. Sheets* 10
Extra Potash & Borax Grew Good Celery ... *John C. Handy* 15
High-quality Tomatoes Must Have Potash ... *R. J. Bryden* 16
Mr. E. I. Morrison Diversifies Farming ... *Joe E. Walker* 19
How to Fertilize Cotton in Georgia ... *E. C. Westbrook* 20
The Tractor Industry Began in Wisconsin ... *A. W. Hopkins* 35
Farmers Become Their Own Bankers ... *E. B. Reid* 38
Federal Refugees Use Land Unsuited for Cultivation ... 39

DECEMBER 1938

December's Embers ... *Jeff McDermid* 3
Legumes Improve Mississippi Soils ... *F. J. Hurst* 6
Does Weather Affect Tomato Yields? ... *V. A. Tiedjens* 9
Growing Sweet Potatoes in South Arkansas ... *G. W. Ware* 12
New Methods Help Tomato Growers ... *E. R. Lancashire* 14
Improved Ginning Makes Better Cotton ... *C. B. Sherman* 16
How Michigan Grows White Pea Beans ... *E. B. Swingle* 19
Fertilizing Asparagus in South Carolina ... *A. B. Bryan* 21
Specialty Farming Depends on Markets ... *E. N. Bressman* 35
Potash Puts New "Kick" in Iowa's Alkali Soil ... 37
Building for Productiveness ... *C. B. Williams* 38
Legume Gets Two-thirds Its Nitrogen from Air ... 39
